**To whom it may concern**

For the past six years up until today we have been working hand in hand with Soma. Soma's service delivery is excellent and of very high standard.

We can also confirm that they render exceptional service to us in terms of the turn-around times as well as the quality of the assessments and the co-operation received on a continuous basis.

Even when we are having enquiries regarding applications, no delay from their side, help is given immediately.

Yours sincerely,
